## **WHITEFIELD NORPOL FC**

### **You can win over £100 for doing nothing ????**

The weekly subs have to go up !! Match day costs are rising next season. (Ref's, pitches, etc)

The committee have decided that we need to raise the weekly subs from £3 to £4 ...

Howver ..... It's not all bad, the extra £1 goes in a game where you can win money back! How? We will be playing a variation of the Pontoon Game. Best news of all, you don't need to do nothing !!!

All 92 English football teams, the 42 teams from the Scottish league and the 24 Conference sides are randomly drawn into an order of selection from 1 to 158 (we will get Mark and Benny to do it). The extra £1 from your weekly subs buys one team from the list every week.

This game is open to the managers, committee members plus family and friends as well. They can buy one team per week for £1 until they have all gone.

A record is kept from Day 1 of the game of how many goals each of the 158 teams scores. Once you buy a team, you inherit the number of goals that team has already scored since day 1, good or bad.

A game normally last about 8-10 weeks. Based on all 28 players (14 from each team) paying their subs, the Pontoon Pot could be worth over £200 !!!

50% of the Pontoon Pot goes to the Prize Fund, the other 50% goes to the club.

The first team to score exactly 21 goals without going bust wins 3/4 of the Prize Fund (roughly £75 !!!! )

End of the game, the team with the highest score wins 1/4 of the Prize Fund (roughly £25 !!!! )

**THEREFORE**, if your team scores 21 goals AND is the highest goal scorer, then you take the **WHOLE** Prize Pot which could be worth over £100 !!!!!!!

A full record of the teams, scores, prize fund and managers will be kept and placed on our website for all to see. The results will be published every Tuesday morning. All games count apart from UEFA and Champions League. Penalty shoot outs in cup games don't count, but extra time does.

### **Pay subs in advance ? Why would I want to do that ???**

As an incentive, the committee have suggested that maybe you would consider paying you subs 'up front', say on a monthly basis (pay day), half season, or even full season.

In return, the Treasurer will offer you a discount on your subs if you chose this method.

Please discuss this with Mark, Benny and Jackie if you are interested and we can sort out a deal depending on interest.
