

Important Parking Information – For All Parents

IMPORTANT PARKING INSTRUCTIONS

Failure by visitors to park their vehicles in the designated car parking area (signposted clearly on entry to the military base or here in **GREEN**) will result in offenders being permanently excluded from the site, and/or their vehicles being clamped.

If parking along **MINERVA WAY** is full, then the only alternative is to turn back towards the entrance where we have overflow parking, marked with a **GREEN SQUARE**. **DO NOT** double-park under any circumstances, which includes parking half on the grass and half on the road!

For security reasons, under no circumstances are you to park or stop anywhere along **GORRELL ROAD** or the in other residential areas, shown here by the areas marked in **RED**. This includes stopping, dropping off or collecting children, but you may utilise this to turn around en-route to the overflow parking.

To find the overflow parking, head back towards the entrance and then turn immediately left after the Entry Pill Box; just before the barrier to the base. There is parking for up to 15 cars in this area, though we ask you to car share where possible. It is only a short walk to the pitches from here, honest!

Finally, may we ask you to dispose of any rubbish that you may bring with you, such as Costa Coffee or Starbucks cardboard holders, plastic drinks bottles and any other miscellaneous crisp packets or wrappers.
